To the Board of Directors of the Central Bank of Argentina

To the National Congress

In our capacities as Comptroller and Deputy Comptroller of the Central Bank of Argentina (BCRA), we have reviewed, to the extent described below, the BCRA's Balance Sheet, Statement of Income, Statement of Changes in Equity and Statement of Cash Flows as of December 31, 2017, Notes 1-7 and Exhibits I-V to the financial statements, having been signed for identification purposes only.

This review has been carried out in accordance with the procedures described in the Annex attached hereto, expressing no opinion on the financial statements taken as a whole pursuant to auditing standards in force.

The above-mentioned review has been focused on the consistency of the relevant information included in the documents described in the first paragraph with the actions performed by management bodies of the BCRA, and on their compliance with the BCRA's Charter –Law No. 24144, as amended– and other applicable rules regarding formal and documentary requirements. This means that it does not include an analysis or verification of the essential aspects of the decisions adopted that are within the competence of the parties involved.

On the basis of the review performed and the statements made in the preceding paragraphs, we have no objections to the financial statements under consideration. Therefore, we advise the BCRA's Board of Governors to approve them.

We further report that, in compliance with the BCRA's Charter and other applicable rules, we have regularly attended the Board of Directors' meetings and exerted without restrictions the authorities and duties entrusted to us under Section 36 of the BCRA's Charter relating to the exercise of the duties of this body of the BCRA.
